

Dear Families,

January 14, 2019

Throughout the school year we have talked about being good citizens and helping others. In February we will be celebrating the 100th day of school. Over the last couple of years, the kindergarten classes have collected over 100 items per class each year, for our local food pantries. This year the kindergarten classes have issued a challenge to all of the classes at North. We would like to collect 100 items of food per class for the local food pantry. We would love to use this opportunity to encourage students to help celebrate the 100th day of school by giving to others!

Please send any **non-perishable, unexpired** foods in with your child/children until **FRIDAY, FEBRUARY 8th**. Each class will be able to add their collections to the display in the main hallway!

Thank you for your help!

North Kindergarten Teachers
