

ON YOUR MARK...GET SET...GO!!!!!!!!!!!!!!!

The race has begun! Once again North Elementary students and their families are asked to help our school raise money for supplies, materials and special programs for our students to enjoy! Because of your help, in the past we have been able to purchase many items such as digital cameras, recess/ playground equipment and a laminating machine. We have even used Box Top money to help fund field trips last spring! Now it is time to continue with our contest!

You can help by clipping Box Tops for Education and then sending them to school with your child. Each class will submit their Box Tops and the top three contributing classes are announced during the morning announcements and an award is given as well. The grand total for each class is calculated and a special prize is given to the top three classes! This could be a popsicle party, a popcorn party, or for the top class: a pizza party! So, thank you in advance for your help and **LET THE RACE BEGIN!**
