This Survey ends February 15, 2019

Thank you!

Your participation is greatly appreciated!

The Watertown City School District is conducting an action research (AR) project to help us examine school readiness in our community. Our AR project relies on the cooperation of many community members such as, parents, service providers, business owners, faith leaders, and educators. For this reason, we want to get a sense of how community members might view school readiness. We hope to gather the opinions and ideas of many individuals in our community.

Collection of this survey has been approved by the Watertown City School District Board of Education. Any questions about this survey and how we will use the information it provides, can be addressed to Kira Elliott at (315)785-3708 or kirelliott@watertowncsd.org.

We thank you in advance for supporting our effort with your participation. All responses are anonymous and confidential. It is not possible to trace responses to any individual. If you have a child in the Watertown schools or about to enter the schools, your participation (or refusing to participate) will not affect you or your child in anyway. Once we have completed the collection, we will add up the responses and create a report that will be available at www.watertowncsd.org.
